

Hungarian
DIASPORA
Scholarship

TEMPUS PUBLIC FOUNDATION

PRACTICAL INFORMATION

FOR HUNGARIAN DIASPORA
SCHOLARSHIP HOLDERS

I. INITIAL ONLINE ADMINISTRATIVE DUTIES

SCHOLARSHIP OFFER

The Board of Trustees made its final decision regarding the scholarships. You were awarded the scholarship, and you will receive an offer via the Dream Apply application system.

You are given **1 week to accept or decline the scholarship offer** online starting from the date the offer was sent.

The allocation of scholarships to applicants is final and cannot be changed. You can start your studies only at the higher education institution and study programme allocated to you.

In the case you decline the offer, you will be automatically excluded from the scholarship programme for the academic year 2024/2025.

In the case you do not finalize your decision within the allotted time, you will be excluded from the scholarship.

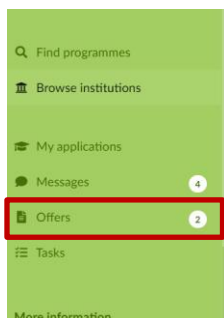

There is also a possibility that the study programme at the allocated host institution will not start. In this case, we will try to find a solution for you to start your studies nevertheless and will keep you informed in the meantime.

ACCEPTANCE OF THE SCHOLARSHIP

All scholarship holders will be able to accept the scholarship in the Dream Apply application system previously used when applying.

Please log in to the Dream Apply application system: <https://apply.diasporascholarship.hu/>.

Click on the Offers Menu on the left side of the page. →

Review your offers

*In case you can see Scholarship awarded or Conditionally awarded below, it means that you have received a scholarship offer. If you do not see these, it means that your application is still in process until further notification about your results.

When you see "Scholarship awarded" or "Conditionally awarded", you are able to accept or decline your scholarship. Please note that there is only one scholarship place offered for each applicant, therefore you should not wait for another scholarship offer. In case you decline, all of your study programme choices will be automatically declined, and you will not be able to get the scholarship in this application round.*

Academic year 2024/25

Please make your
decision

If you see “Scholarship awarded” or “Conditionally awarded” written below, it means that you have received a scholarship offer. If you do not see these, it means that your application is still in process until further notification about your results.

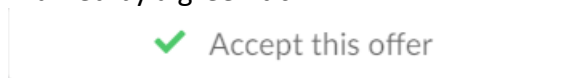

When you see “Scholarship awarded” or “Conditionally awarded” you can accept or decline your scholarship offer until the given deadline by following the instructions below. *Please note that there is only one scholarship place offered for each applicant, therefore you should not wait for another scholarship offer.* In the case you decline, all your study programme choices will automatically be declined, and you will not be able to avail the scholarship.

As the next step, you must accept the Hungarian Diaspora Scholarship in the system within 1 week from the date this notification is sent to you.

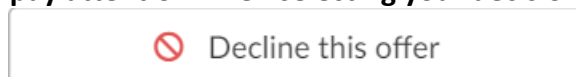

You will see the following options:

The screenshot shows a user interface for the 'Academic year 2024/25'. It displays two scholarship offers. The first offer is for 'Bsc | ápolás és betegellátás [ápoló]' (Bachelor, full degree studies, Hungarian). The second offer is for 'Bsc | Biochemical Engineering' (Bachelor, full degree studies, English). Both offers are marked 'TPF: Scholarship Awarded'. To the right, a 'Please make your decision' panel contains a dropdown menu labeled 'Your decision:' with the option 'Choose your decision' selected. Below this are two buttons: 'Accept this offer' (with a green checkmark) and 'Decline this offer' (with a red prohibition sign). A note states: 'Note that you can only accept a single offer.' Below the buttons, it says: 'Choose this if you have decided not to accept this offer. Please also specify the reason: choose'.

- In order to accept the offer, you will have to click on the “Accept this offer” option marked by a green tick.

- By clicking on the “Decline this offer” option, you renounce your scholarship offer and will not have the possibility to change your decision and accept it later on, so **please pay attention when selecting your decision.**

After accepting the offer, you will receive a message in the  Messages section about the admission letter (Letter of Acceptance) and Letter of Award, you may expect to receive them within a few days after accepting the scholarship offer. Until then, we kindly ask for your patience.

Even if you become conditionally awarded, you should accept or decline the conditional offer till the given deadline. If you decide to accept the conditional offer, please follow the steps described above. After accepting the offer, you will be provided with the admission letter (Letter of Acceptance) and the Letter of Award upon successfully uploading your missing documents.

Once you have accepted the scholarship, we strongly advise you to start the visa application process immediately and follow the instructions given by the respective Hungarian consulate.

As the visa application is a longer process, it is very important that you submit your visa application as soon as possible so that you can receive your visa and arrive in time to Hungary. If you cannot obtain your visa until the beginning of the semester you will not be able to start your studies and will lose the chance to avail your awarded scholarship.

Please note, that in the case you accept the awarded scholarship and do not travel to Hungary and do not start your studies in the academic year you were awarded for, you must notify Tempus Public Foundation and your higher education institution in due time. If you fail to do so, and you do not withdraw your application, applying for the Hungarian Diaspora Scholarship will not be possible for you in the next 3 application cycles.

MISSING DOCUMENTS

In the case you received a conditionally awarded status the deadline to upload the missing documents is **1 August 2024**.

The universities will check your uploaded documents regularly. Once your documents are approved by the university, you will receive a notification through the application system, stating that your missing documents are approved.

If the university does not approve your documents, you will receive a message from the application system, that your missing documents were rejected, and your application will be closed. It means that you cannot be a scholarship holder for the academic year 2024/2025. Nevertheless, we encourage you to try and apply again next year.

WHAT DOCUMENTS WILL I RECEIVE AFTER I ACCEPTED THE SCHOLARSHIP OFFER?

Following the acceptance of your scholarship offer, you will be provided with two important documents (the Letter of Acceptance issued by your host institution and the Letter of Award issued by Tempus Public Foundation) that you will need to submit to your visa application.

» **Letter of Acceptance**

You will receive a **Letter of Acceptance** from the Host Institution in which they provide you with further details regarding your arrival and enrolment, provided that you have successfully uploaded all missing application documents in the online system by 1 August and you have accepted the scholarship offer until the given deadline.

» **Letter of Award**

After receiving the Letter of Acceptance, you will be able to download the **Letter of Award** within a few days from the online application system. This letter is issued by Tempus Public Foundation and it contains information about your scholarship holder status (basic information about the scholarship holder, duration of scholarship status, amount and scope of scholarship, conditions of its validity).

Please note that both the Letter of Acceptance and Letter of Award are required for visa process. You can download both documents from the online application system and they will be sent to your registered email address as well.

Please make sure to start your visa application process as soon as possible!

VISA PROCESS

Entry permission can be granted to students who follow the necessary administrative procedures and provide the required documents. We will provide information regarding those documents, therefore we advise you to check your email inbox frequently and follow the instructions sent to you!

Accept your scholarship offer in the Dream Apply application system, and since it is essential for entering the country, start your visa application process and book an appointment at the respective Hungarian consulate as soon as possible. This way your application could be processed in time. This way you shall be able to enter Hungary and start the semester in time.

Please check the requirements for the residence permit application on the webpage of the Directorate-General for Aliens Policing: <http://oif.gov.hu/index.php?lang=en>

The visa process and the list of the necessary documents may vary from country to country. It is important to make the necessary arrangements well ahead of time because it may take up to 30 days until a visa is issued.

What you will need for sure is your passport, the *Letter of Acceptance* that you receive from your host institution and the *Letter of Award*, which will be sent to you by Tempus Public

Foundation via the online application system (DreamApply). It is important to note that Tempus Public Foundation can send you the Letter of Award only after the Letter of Acceptance is issued by your host institution. If you have been conditionally awarded following the acceptance of your conditional scholarship offer, once you upload your missing documents and your host institution approves them, you will be provided with the Letter of Acceptance and the Letter of Award that you will need to submit to your visa application. We draw your attention to the fact that the decision on your visa application can be made only after the submission of all the necessary documents you were asked to provide by the consulate.

As the visa application is a longer process, it is very important that **you submit your visa application as soon as possible** so that you can receive your visa and arrive in time to Hungary. If you cannot obtain your visa until the beginning of the semester you will not be able to start your studies and will lose the chance to avail your awarded scholarship.

Please, book your appointment at the respective Hungarian consulate in time, but only after the Letter of Award is uploaded in the online application system!

The visa application has to be submitted to the [Hungarian Consulate](#) in the country where the permanent or temporary residence of the applicant is located or in the country of the applicant's nationality. For more information, please consult the website of the Consular Services: <https://konzinfo.mfa.gov.hu/en/how-apply-visa>

Please find the list of countries that do not need a visa to Hungary on the following link: <https://konzinfo.mfa.gov.hu/en/visa-free-travel-hungary>

In the case of certain countries, the exemption from the visa requirement applies only to holders of biometric passports. For further information please check the country list on the above link.

Please note that the provided list is only for information purposes. It is highly recommended to contact the Embassy of Hungary accredited to your sending country before the intended departure in order to get a confirmation.

Scholarship holders that are unable to travel due to restrictions may submit a request to postpone their studies. Please find below (in the 'Postponement' section) the description of the necessary steps of submitting a postponement request. Please contact our office at diasporascholarship@tpf.hu for further details.

Those scholarship holders that take part in online education while not residing in Hungary, are not entitled to receive the monthly stipend, accommodation contribution and medical insurance, as these allowances are intended to contribute to their costs of living in Hungary.

» **Visa for family members / persons accompanying the scholarship holder**

As stated in the [Operational Regulations](#) of the Hungarian Diaspora Scholarship Programme, the scholarship *contributes* to the living expenses of the scholarship holder. It does not provide visas, supplementary benefits or administrative services to the persons accompanying them or to their family members. The legal entity of the scholarship agreement shall be the scholarship holder exclusively.

POSTPONEMENT

The scholarship holder may request the postponement of the start of the scholarship status for health or other unexpected force majeure reasons beyond their control, so they can apply to start a scholarship status in a later semester. Postponement of the scholarship may only take place before the establishment of the student status.

Please contact our office at diasporascholarship@tpf.hu regarding the postponement.

To request the postponement of studies you need to submit the following documentation to Tempus Public Foundation:

- detailed and justified explanation of your request
 - the number of semesters you would like to postpone (1 or 2 semesters)
 - medical certificate or other certificate that justifies the postponement
 - declaration of approval from the host institution
- » You have to submit the request along with all the documents via e-mail to Tempus Public Foundation, to the Directorate for Study in Hungary (diasporascholarship@tpf.hu). It is the responsibility of the scholarship holder to collect and submit the necessary documents to Tempus Public Foundation until the deadline. The deadline is **30 September**. If you do not receive a reply from Tempus Public Foundation one week after the deadline, please let us know.
- » The final decision on the postponement request is made by Tempus Public Foundation, the approval of the host institution alone does not mean the approval of your request. In the case you receive a positive decision from Tempus Public Foundation on your postponement request, your application status in the online application system will be changed to '*Postponement approved*'. You will receive a notification through the online application system about your approved postponement with the information about the start date of your scholarship status. We advise you to contact the host institution a few months before the start of your studies and request a new Letter of Acceptance. After you receive the Letter of Acceptance from the host institution, Tempus Public Foundation will issue you your new Letter of Award.

- » If you do not receive the approval of your postponement in October, your postponement has not been approved by Tempus Public Foundation.
- » Please note that the start date of your scholarship status cannot be changed after Tempus Public Foundation has made the final decision on the postponement request. The decision of Tempus Public Foundation is final and cannot be appealed. You may only submit a postponement request once.
- » If you do not start your scholarship after postponement, you should withdraw from the scholarship until the next application deadline if you wish to apply for the scholarship for the following year. If you do not withdraw, your scholarship will automatically terminate, and you cannot apply for the scholarship for the next 3 years.
- » Partial studies must be completed until 30 June 2025 and cannot be postponed for the 2025/2026 academic year.

HOST INSTITUTION

In the case you have not received your Letter of Acceptance, please contact the coordinator of your host institution immediately.

After your successful application, your [university coordinator](#) will send you a comprehensive information pack via e-mail or DreamApply. Practices slightly differ in what is shared with you, but you will probably find information on the following:

- the contact details of your coordinator and the international office of the university,
- transfer options from the airport,
- description of the dormitory application procedure and other accommodation options,
- instructions on residence permit application,
- description of the mentoring system,
- description of the university's electronic administration system,
- TAJ card ((Hungarian social security/national health insurance card) application process and additional health insurance options,
- student ID application process,
- tax card application process,
- and enrolment information.

You can find the contact details of the university coordinators on our official website: <https://diasporascholarship.hu/higher-education-institutions/>

We also advise you to check the website of your host university. Most universities have websites dedicated for international students, where you can find detailed information on administrative as well as study related matters (such as the academic calendar or the Code of

Studies and Exams). We also advise you to contact your host institution before your arrival and ask if they can offer any assistance with your first steps in Hungary.

ACCOMMODATION

Regarding your accommodation, you can either choose to stay in a dormitory (if you have requested during the application and if available at the host institution) or you can rent an apartment/room. If you wish to stay in a dormitory, please take into account that the host institutions provide accommodation for students only up to the limit of their capacity. When you move in to a dormitory, you might be required to sign a contract for a fixed term (usually a semester or an academic year). Please keep in mind that if you decide to move out later on, you will be entitled to the housing allowance as defined in your scholarship contract.

Please note that the accommodation contribution provided by the Scholarship Programme (as well as the monthly stipend/living allowance) is upon extra request. In the first academic year, if the claim has been made in the online application system it was awarded automatically. **From the second year of scholarship studies, the Scholarship Holder can continue to receive the accommodation contribution (as well as the monthly stipend/living allowance) if the Scholarship Holder participates in at least three events each academic year, organised in connection with the Hungarian language and culture and approved by Tempus Public Foundation.**

If you do not wish to stay in the dormitory, you will receive a monthly allowance of 40 000 HUF from your host institution as a contribution to your rental costs. It is important to note that housing allowance does not cover your rental costs, especially in Budapest, where the cost of rents is much higher than outside the capital. In the case you need help finding a convenient apartment, you can ask your mentors to help you and several universities also have student housing services.

II. PREPARING FOR YOUR STAY IN HUNGARY

TRAVEL

The scholarship includes a travel component (travel contribution). It provides a one-occasion travel allowance of HUF 330,000 in the case it was requested in the online application system and in the case the distance between Budapest and the scholarship holder's place of residence is 8000 kilometres or more (the distance is calculated based on the [Erasmus+ Distance Calculator](#)).

Before buying your ticket, please make sure you have all the necessary documents: Letter of Acceptance, Letter of Award, visa etc.

Before your arrival, please contact your host institution and specify the date of arrival and your mode of travel. You can ask if they could offer you any help in getting to your accommodation or if there could be an airport shuttle arranged for you.

MEDICAL SCREENING

Please note that students arriving to Hungary must undergo a medical examination. The cost of the medical examination will not be borne by the students.

In the case you lack any vaccinations mandatory in Hungary, you will have the possibility to receive it in Hungary. If you are not willing to undergo the medical examination, your scholarship will be terminated, and you must return to your sending country.

ADMINISTRATION

Please bring all the original copies of all documents required by the higher education institution for registration and enrolment. In the case you have any questions about the necessary documents and related details, please contact your host university.

After your arrival to Hungary, you will have to complete a variety of administrative tasks, but your university coordinators and mentors will support you. You can expect the following administrative tasks:

» **signing your scholarship agreement**

Your scholarship status enters into force when you sign your Hungarian Diaspora Scholarship agreement, without which you cannot receive your scholarship allowances. As this document defines your rights and obligations, we advise you to read it carefully. At most universities, you can sign your scholarship agreement at the orientation meeting or you might be asked to visit the university's International Office after your arrival.

» **opening a bank account**

You need to open a bank account where your monthly stipend will be transferred by your university. Most banks will require you to present your passport, a valid residence permit and your address card in order to open a bank account. Please contact your mentor or university coordinator for more information on this.

» **applying for a student ID**

Once you are officially registered at your university, you are eligible for a student ID, with which you can get student discounts and you can use public transport at reduced rates. Please follow the instructions of your host institution regarding the necessary steps to receive your student ID.

» **applying for a tax card**

You need to request a tax card at the National Tax and Customs Administration („Nemzeti Adó- és Vámhivatal”). The application process is free of charge. You are required to present your passport, residence permit, Hungarian address card and the completed application form.

» **applying for a TAJ card (Hungarian social security/national health insurance card)**

You need to apply for a TAJ card, with which you are entitled to the benefits of the public healthcare system in Hungary. Please note that bilateral agreements in force between Hungary and the sending countries may influence the administrative process and issuance of TAJ cards. Please note that Tempus Public Foundation does not have the authority to expedite the administration of TAJ cards. You are also eligible for additional private health insurance, providing you healthcare services in English. Please contact your university coordinator for more information on this.

» **applying for a residence permit**

You need to apply for a residence permit at the National Directorate-General for Aliens Policing (“Országos Idegenrendészeti Főigazgatóság”). You will need to present your passport and entry visa, the completed application form, an ID photo, a document confirming your student status, and the accommodation reporting form. Please check the updated requirements in force for the residence permit application on the webpage of the Directorate-General for Aliens Policing: <http://oif.gov.hu/index.php?lang=en>. In addition, you can contact your host institution about the application process.

These are the most important administrative tasks that you need to do after your arrival. Please bear in mind that university practices may differ, so we advise you to keep in close contact with your mentor and coordinator. Please contact your host institution after your arrival, attend the orientation meeting, and follow the advice and instructions of your host institution.

III. TIPS & TRICKS

USEFUL DOCUMENTS

We collected those documents for you, that you should become familiar with. These contain your rights and obligations as a scholarship holder and can be of use if you have any doubts regarding your scholarship status. Please make sure to read them carefully.

» **Call for Applications**

Call for Applications for the academic year 2024/2025:

<https://diasporascholarship.hu/en/apply/call-for-application/>

The Call for Applications has probably been the first document that you have read as an applicant for the Programme. Even though you have already become a scholarship holder, it contains further relevant information regarding your studies in Hungary.

When you applied for the scholarship, you have consented that you have read and agreed to the [Statement for Application](#). This is a summary document about the scholarship obligations that you agreed to by applying.

» **Operational Regulations**

We strongly advise you to read the Operational Regulations on our website to become familiar with the rules and regulations of the Programme as well as your rights and duties:

https://diasporascholarship.hu/wp-content/uploads/hds_or.pdf

» **Letter of Award**

The Letter of Award is to be issued at the beginning of scholarship status and in the case of change in data. It contains the identification data of the scholarship holder and the details of their scholarship period. Furthermore, the allowances provided for scholarship holders and their obligations are also listed in this document. Prior to enrolment, it is valid together with the Letter of Acceptance issued by the Hungarian host institution. Following enrolment, it is valid together with a Certificate of Student Status stating the active student status of the scholarship holder, the latter issued by the host institution. All subsequent changes in the scholarship status (e.g. change of host institution) are indicated in the Letter of Award.

» **Scholarship Agreement**

The scholarship agreement contains additional information related to the rights and obligations of the scholarship holder. The scholarship agreement is concluded between the host institution and the scholarship holder. Scholarship holders are requested to read it carefully and participate in the programme adhering to the rules described therein.

» **General Terms and Conditions**

This document is an annex of the scholarship agreement. It contains all detailed rules pertaining to the Hungarian Diaspora Scholarship: https://diasporascholarship.hu/wp-content/uploads/aszf_contr_en_hun.pdf

LIFE AND STUDY IN HUNGARY

As there are a lot of administrative duties at the university without which it is impossible to transfer your scholarship allowances, you can expect to receive the first instalment only around November. Therefore, it is important to arrive with some financial reserve that will help you in the first two months. To have an idea of the living costs in Hungary, you can visit our cost calculator on this website: <http://studyinhungary.hu/living-in-hungary/menu/your-costs-of-living.html>

Please keep in mind that the scholarship allowance is upon extra request in the online application system, and it contributes to one person's costs of living and it does not provide either visa or additional benefits or administration services for one's family members.

You can find a lot of useful information about life and education in Hungary on the Study in Hungary website: www.studyinhungary.hu

- consult the Frequently Asked Questions section of the website
- join the [Facebook page of the Programme](#) as well as our [Study in Hungary Facebook community](#) to get the vibe of international students in Hungary, and consider becoming a Campus Buddy later on. This community brings together talented and enthusiastic international students for workshops and leisure activities
- after you finish your studies, you may want to join the [Alumni Network Hungary](#) where you can connect and (re)unite with your former fellow students and alma mater, get practical news and tips regarding career and further education possibilities

Various community-building events are organised for the Diaspora Scholarship Holders, both by Tempus Public Foundation and our partners. You can get a quick glimpse on our website's Event Calendar (<https://diasporascholarship.hu/en/scholarship-holders/>) and News (<https://diasporascholarship.hu/en/news/>) sections.

MENTORING

A mentoring system has been established to help the integration of Hungarian Diaspora Scholarship students. Mentors attend the same university as their mentees, so your mentor can give you information about how life at the university works, where you can find the information you need, and give you advice if needed. The goal of the mentoring system is to help scholarship students find their way around. Mentors may help you with your initial administrative and academic tasks and may also organise social programmes or other activities. It is important to note that the mentoring services of institutions may slightly differ, so please contact your host institution for information on their mentoring system. We advise you to take advantage of the available mentoring services offered by your institution.

The Diaspora Mentoring Programme is run by the National Union of Students in Hungary's (HÖÖK) and you can find more information about it at <https://diaszporamentor.hu/>.

We do hope that you will enjoy your stay in Hungary. Please, feel free to contact us at diasporascholarship@tpf.hu in the case you need any further assistance. Please also check the Frequently Asked Questions section of the Programme's website: <https://diasporascholarship.hu/en/scholarship-holders/>

We wish you successful studies in Hungary!
